Helping Flood Victims in a Special Way

While helping the 500 plus people that were affected by the flood of Choluteca back in October, we felt led by the Lord to bless the police of Choluteca. We always forget our Police, Firemen, and service people. We found out that the Police and their families were affected just as bad. So, we gathered all that we had in our Mission House and left with 40 water filters, Bibles, toothbrushes and the love of God. The Sub-Commissioner was present that day and he impacted us more than we did him with his faith in Jesus Christ. He gave his testimony in how he goes to areas where gangs are and to the people who live in garbage dumps to hand out food, Bibles and give a short message. This is faith in action and is hard to find in Honduras. He also introduced us to other Police Officers who are full time Pastors, but their churches can not afford to pay them, so they continue to work. One Police officer told us that her husband left her with 3 children and a 4-month-old baby to fend for themselves. She tried to hold back the pain she felt and the anger she has toward men. Thanks be to God she was very nice to us as she expressed her emotions and how life has been hard. It as a day well spent and led us to spend other days with them.

Police received their filters with a Bible inside. Also, the secretary, as well as us took names of everyone who received filters from this post of 800 police. Our goal as well is to help the Police as well as the Barrios close to us with water filters.

This is why it is important for us to fund raise for the 1,000-water filter challenge. Remember every filter you donate we receive two water filters!!

This is Sub-Commissioner Ponce. We call him Brother. He is an honest man and a breath of fresh air to us. I presented him with a devotional book so he can read and be exhorted in the faith.

He has invited us to come and sing, preach and help his officers. We will start doing this in 2019.

We hope to visit his post once a month on a Friday to help build the Christ foundation in each of them. To restore lives back to Jesus and plug them into a good Bible believing church for growth.

We need your help:

Prayer is very important because Satan does not like this kind of work.

Bibles. We need more NIV Bibles so each police officer can have the word of God in their hands just like this brother does in the photo.

Water filters. We would like to bless these men and women who serve Honduras with clean water.

Thank you for all your help and love you share in this ministry that is reaching beyond the borders.

All donations are tax deductible. When you send your donation, please note on the memo line where you would like it to be used. Send to:
